

Jordan Castellon & Company, LLC

A Hispanic-owned accounting firm that provides a full range of accounting, tax and management consulting services to local, national, and multi-national businesses, as well as individuals was founded in 2002 by Arturo Jordan and Carlos Castellon, the firm specializes in international taxation, financial statement audits, business valuations, litigation support, forensic accounting and mergers and acquisitions. The firm has extensive experience in real estate, including developers and construction contractors, entertainment, aviation, law, healthcare and hospitality. In a short period of time, the firm has become one of the top accounting firms in South Florida. In August 2004, the South Florida Business Journal released "The Largest Accounting Firms List" in South Florida and ranked the firm 25th on their list.

"We face several challenges as the leaders of our company," said Arturo Jordan, founder and partner at Jordan Castellon & Company. "One of those challenges is anticipating business trends in the South Florida marketplace and keeping one step ahead of our competitors. The other is attracting and maintaining high-level professionals to provide the highest quality of service to our clients, which we believe is an essential element to succeed in today's business world." Carlos Castellon added that "there are many things we enjoy about being entrepreneurs, but the greatest satisfaction comes from being able to assist and consult clients in obtaining maximum profitability in their businesses," IF
